

# *Did you know that Sheriff Green charges families facing foreclosure a fee of \$1,700 when they are listed for Sheriff's Sale?*

- This fee is on top of the money owed on the mortgage and legal fees that homeowners must pay to save their homes.
- Homeowners and advocates have been pressing Sheriff John Green to reduce this fee for years, but in 2005 he raised his fee from \$1,200 to \$1,700.
- In May of 2006 the Board of Judges of the Court of Common Pleas considerably reduced the amount of advertising needed for Sheriff Green to list a property for sale in an effort to reduce his fees.
- The Sheriff still has refused to reduce the fee charged to homeowners facing the loss of their homes.
- A firm that was owned by Sheriff Green's former campaign treasurer earns hundreds of thousands of dollars placing advertisements to list homes for sheriffs sale.
- There is nothing worse to a family or child than being put out of their home. Ask Sheriff Green to reduce his fees for families losing their homes! Call him at 215-686-3530.
